

Best Practice -1

1. Title of the Practice

Promoting Environmental Friendly Approach

2. Objectives of the Practice

As per the mandatory requirements of NAAC and UGC regulation being as an autonomous college it is our foremost duty and responsibility to show a moral conduct and sense of responsibility towards protecting ,saving and upgrading the Environment for the present as well as future generations. In order to maintain this approach the institute is conducting various activities all-round the year. *The objective behind this practice is to conserve natural resources and environment and also to develop alternate sources of energy while reducing pollution and harm to the environment.*

3. The Context

The institute attempts to save the environment both in campus as well as the city where it is located by creating awareness about environment through various programs. Regular Plantation Program, allowing spaces for various environmental friendly zones, doing Audit Process during the year and educating the whole mass regarding the importance of environment. The whole institution including Teaching and Non-Teaching staffs along with students participate in the practice program.

4. The Practice

Our college has been awarded an autonomous status from session 2021-22; therefore, this has become the most important priority to give a good look at the environment for smooth conduct. For the process to be in practice following activities were done:

- ✓ Various Plantation Programs within the campus and other adopted villages
- ✓ Using the Solar Panel system for electricity throughout the campus
- ✓ There is a forum and arrangements for E-Waste and Solid Waste Management

- ✓ Awareness programs were done frequently outside the campus.
- ✓ Activities under the NSS Rainbow Club, and Swatch Bharat Abhiyan were done throughout the Year.
- ✓ No plastic zones are available on the campus
- ✓ Rainwater harvesting and Waste Water recycling process is available on the campus.
- ✓ Regular Green Audit, Energy Audit is done every year and the institution has received the ISO Certificate in reaching to Environment system standard.
- ✓ Celebrating World Environment Day every year
